

Title Urban rural comparison of fuel wood consumption

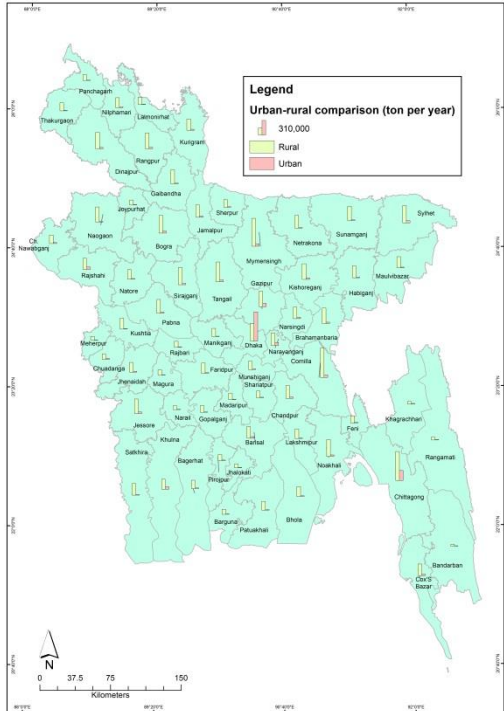

Year 2017

Author Rashed Jalal, Sepul Barua

Reference Jalal, R. and S. Barua (2017). Urban rural comparison of fuel wood consumption. Food and Agriculture Organization of the United Nations, Dhaka, Bangladesh.

Methodology District level fuel wood consumption has been estimated by aggregating the fuel wood consumptions of rural and urban people. For each of the districts, fuel wood consumptions of rural and urban people are calculated by multiplying the rural and urban population by the respective fuel wood consumption factor.
